CERTIFICATE OF CARBON CREDIT RETIREMENT

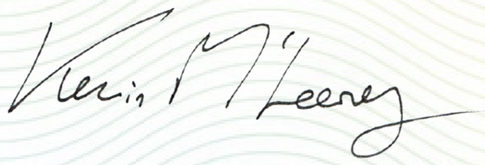

This certificate issued on 5th September 2025, represents the retirement of 5,900 tCO2e to compensate for the emissions associated with

Larnaka International Airport

This certificate is proof that the carbon credits have been retired and taken out of circulation.

Carbon emissions are abated through the purchase of credits from carbon reduction or removal projects. The selected project is certified through the internationally recognized Gold Standard Registry.

Larnaka International Airport supported the Muyuan Nanyang Swine Farm Animal Waste Management System GHG Mitigation Project in China, contributing to local economic, social, and environmental sustainability. The retired credits correspond to the airport's 2024 emissions.
